

James Victor Shumate

Instructional Designer • Online Course Design, Canvas LMS & AI-Enhanced Learning

Renton, WA • 425-623-6961 • jvshumate@gmail.com • linkedin.com/in/james-victor-shumate

Instructional designer with more than eight years creating online learning for higher education and global corporate audiences. Designed and administered Canvas courses at two Washington colleges, co-developed an award-winning AI training certificate for learners new to the technology, and built eLearning used by 20,000 employees worldwide. PMP-certified and experienced across the full ADDIE cycle, with deep practice in multimedia development (Articulate 360, Camtasia, Adobe Creative Cloud), accessible design to WCAG 2.1 and Section 508, and partnering with faculty and subject matter experts to turn complex content into engaging, student-centered learning.

Core Strengths

- Canvas LMS Course Design & Administration
- AI-Enhanced Learning & Emerging EdTech
- Accessibility & Inclusive Design (WCAG 2.1, ADA, 508)
- Faculty & SME Collaboration
- Instructional Design: ADDIE & Backward Design
- Multimedia: Articulate 360, Camtasia, Adobe CC
- Learning Outcomes, Rubrics & Assessment Design
- Project Management (PMP) & Quality Assurance

Experience

Clover Park Technical College

Curriculum & Instructional Design Specialist

Feb 2024 – Jan 2026

- Designed and built Cornerstones of College Instruction, a 25-module Canvas onboarding course awarding 48 professional development hours, taking new instructors from hire to classroom-ready
- Co-developed the LEARN AI Certificate, a program that trained employees to use AI tools responsibly, many starting from zero experience; earned the college's 2025 Excellence in Innovation Award
- Administered the Canvas LMS: built, tested, published, and maintained courses for faculty, staff, and students
- Ran needs assessments with deans and department leads to align course design with institutional priorities
- Produced videos, graphics, job aids, facilitator materials, rubrics, and assessments to support each program
- Designed all materials to WCAG 2.1, ADA, and Section 508 accessibility standards

Clover Park Technical College

Transitional Studies Instructor

Sep 2024 – Present

- Teach Technology Literacy to adult learners new to computers, guiding first-time users through Microsoft Word, Zoom, web browsers, and online learning platforms
- Design step-by-step technology curriculum and job aids that novice users can follow independently — a daily lab in inclusive, student-centered design

Expeditors

Global Training Designer

Oct 2022 – Oct 2023

- Designed eLearning and instructor-led training used by 20,000 employees worldwide, holding a 4.7 / 5 average rating for value delivered
- Managed three to four design projects at once through the full ADDIE cycle: needs assessment, objectives, storyboards, development, stakeholder review, and delivery
- Built interactive, scenario-based modules in Articulate Storyline and produced supporting video and graphic assets
- Rebuilt the headquarters new-employee onboarding curriculum with a senior designer, upgrading 30 courses
- Partnered with subject matter experts and stakeholders across time zones to gather content, validate materials, and evaluate training effectiveness

Tacoma Community College

eLearning Specialist

Jun 2021 – Oct 2022

- Led the college's transition to online teaching as the Canvas subject matter expert, training faculty and staff through workshops and one-on-one consultations
- Administered the Canvas LMS and ctclink enterprise system: course deployment, testing, maintenance, and user support for thousands of users
- Provided support during two major system rollouts, creating guides, job aids, and training that helped reluctant users adopt new tools
- Hired, managed, and mentored six part-time staff, and built onboarding training that streamlined department operations

Tacoma Community College

AESL Adjunct Professor

Jan 2018 – Dec 2021

- Designed and taught in-person and online courses for adults aged 18 to 70, adapting instruction to widely varied skill levels
- Contributed to a program ranked #3 of more than 20 Washington State programs on standardized CASAS assessments

Education & Certifications

- Master of Education (M.Ed.) Seattle University
- Project Management Professional (PMP) Project Management Institute
- Bachelor of Arts (B.A.), General Studies and Humanities — Washington State University
- Criterion-Referenced Instruction Workshop (Mager Consortium) instructional design methodology
